BSN Medical Invests \$2M To Expand Conover Facility

New Plant To Include Additional 50,000 SF, 25 New Jobs

BSN Medical, a Charlotte-based medical supplier, will expand. A \$2 million project will enlarge the facility at 1011 Keisler Road SE in Conover, NC, by 50,000 square feet. The company is set to break ground for the expansion on Monday.

The current facility, built in 2001, measures 100,000 square feet and is on about 17 acres. The expansion will add manufacturing capabilities for the company's line of orthopedic and bracing products. The project also has the potential to create about 25 additional area jobs within the next two years.

BSN Medical, whose U.S. headquarters is in Charlotte, has about 3,600 employees worldwide, in 31 countries. It is a supplier of medical product segments of casting, bandaging and compression therapy.
